CIESC AND CDW·G

CIESC and CDW·G are excited to offer technology solutions through the CIESC cooperative agreement.

CDW·G provides participants with:

A dedicated account team that leads the industry in public–sector customer service and product knowledge. Your dedicated CDW·G account team is accessible by phone, email and the web.

A wide breadth of products from over 1,000 leading brand–name manufacturers. There are more than 100,000 products available on contract from manufacturers such as Acer, APC®, Cisco®, Dell™, Epson®, HP, Hewlett Packard Enterprise (HPE), IBM®, Lenovo, Microsoft and NetApp®.

Priority consulting from hundreds of pre–sales engineers covering all technology disciplines (network security, data storage/disaster recovery, wireless, power and cooling, and more). Engineering resources can be tailored to your specific project and needs.

A competitively solicited and publicly awarded contract with broad acceptance in Indiana to give you the best pricing on your technology needs.

Deep relationships and resources with many of the top manufacturer partners including Acer, APC, Cisco, HP, HPE, IBM, Lenovo, Microsoft and more. This enables CDW·G to provide the premium guidance and competitive pricing on the technology solutions that you need.

A full–featured website that can be fully integrated within your eProcurement system. Access the CDW·G catalog with contract pricing by visiting **CDWG.com/ciesc**

Included in this contract are selections from industry–leading providers such as Acer, Cisco, Lenovo and Microsoft as well as our full catalog.
