- [Applied Educational Neuroscience Certificate, Butler.edu](#)
- Butler University is excited to offer the opportunity for educators, counselors, social workers and mental health practitioners to acquire a certificate in Applied Educational Neuroscience with an emphasis on Adversity/Trauma and the Brain through a graduate, non-degree program. www.butler.edu
- [The Resilient Brain - CYC-Net](#)
The Triune Brain. The Logical Brain (prefrontal cortex) handles language, reasoning, and emotional control so humans can intelligently solve problems and make meaning out of life events. This area of the brain does not develop fully until adulthood. The Emotional Brain (limbic brain or mammalian brain) triggers emotions that motivate behavior. www.cyc-net.org
- [Educational Neuroscience Symposium, Butler.edu](#)
Message regarding COVID-19 (Coronavirus) and the 2020 Spring Educational Neuroscience Symposium. Out of an abundance of caution and the current Butler University, state, and federal mandates, we are cancelling the Spring 2020 Educational Neuroscience Symposium. We will be offering the same agenda and lineup of presenters at the Fall Symposium on September 19, 2020. www.butler.edu
