

Arranging catering for events at CIESC

There are many local caterers and national chain restaurant options that will provide catering services at CIESC. In most cases, the organization booking their event at CIESC is responsible for setting up their own catering.

The CIESC Events Team is glad to help set up the food when it arrives on the day of your event so you can remain focused on your guests. We have multiple areas within our suite to comfortably setup both small and large catering spreads.

For questions, email us at events@CIESC.org

Many national restaurant chains such as Panera Bread, Qdoba (select the Trader's Point option), Olive Garden, Chipotle, Chic-Fil-A, Chicken Salad Chick, etc. provide catering services that deliver to CIESC. Most require you to order at least 72 hours in advance of your event.
